RE: New Program Approval—DePauw University—Master of Arts in Teaching (MAT)

---

DePauw University submitted for approval an initial level Master of Arts in Teaching preparation program. The unit has totally reconfigured its program, with the exception of the initial level Fine Arts: Music initial preparation program provided in conjunction with the DePauw University Department of Music. This MAT program was reviewed and representatives of the institution were interviewed by the Teacher Education Committee. The program was found to meet all of the guidelines for a new program. The institution will report on program status/ improvements annually to the Division of Educator Licensing and Development for three years and then the program review will roll over into the institution's next accreditation review.
